Individual Notes:

Genevieve green dot is confident and self-assured. He shows no stress in new situations, around new people, or in circumstances that would typically be considered stressful. He is curious and investigative with new sights and sounds including those that would typically be considered startling. He has good motivations for interaction and toys. He is also interested in food. He has good memory, focus, and problem-solving abilities above average for his age and stage of development. He is socially appropriate in his interactions with litter mates, cats, other dogs, and with people. He is rarely vocal. He rarely uses his mouth to initiate or engage in play. When he does he has excellent bite inhibition. The litter overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies all have mid to moderate energy. They are playful, curious, social, and happy. They are very few differences between them. Differences are only noted when comparing these puppies side-by-side. They are content to explore and play on their own. They are personable and engaging. These puppies are well-balanced and should adapt well into most any home.

Health notes:

Green Dot has an underbite.
