Individual Notes:

Sesame Blue Dot is confident and self-assured after a little time to adjust into a new situation. He shows little to no stress in new situations, around new people, or in situations that would typically be considered stressful. This puppy is curious and investigative of new sights and sounds, including those that are startling. He has good memory focus and problem-solving abilities average for his age and stage of development. He also has good motivations for interaction, food, and toys at equal and balance levels. He is socially appropriate in his interactions with littermates, with cats, and with other dogs. He is also socially appropriate in his interactions with people. He does use his mouth to initiate and engage in play, but has a good bite inhibition. Blue Dot is rarely vocal.
Overall, The Sesame litter has no red flags and shows no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are very consistent with very few differences between them. The differences will become more noticeable once learning experiences occur. These puppies all have mid-level energy. They are well balanced, and they are content to explore and play on their own. They are playful, curious, social, and happy. They are eager, engaging and personable. These puppies should adapt well into most any home.

Health notes:

Blue Dot has no health notes.
green dot can be vocal in an effort to get or keep your attention
