Individual Notes:

Genevieve white is confident and self-assured. She shows no stress in new situations, around new people, or in circumstances that would typically be considered stressful. She is curious and investigative with new sights and sounds including those that would typically be considered startling. She has good motivations for interaction and toys. She is also interested in food. She has good memory, focus, and problem-solving abilities above average for her age and stage of development. She is socially appropriate in her interactions with litter mates, cats, other dogs, and with people. She is rarely vocal. She rarely uses her mouth to initiate or engage in play. When she does she has excellent bite inhibition. The litter overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies all have mid to moderate energy. They are playful, curious, social, and happy. There are very few differences between them. Differences are only noted when comparing these puppies side-by-side. They are content to explore and play on their own. They are personable and engaging. These puppies are well-balanced and should adapt well into most any home.

Health notes:

White has no health notes.
