Individual Notes:

Jalynn orange is confident and self-assured. He shows little to no stress in new situations, around new people, or in circumstances that are typically considered stressful. He reacts appropriately to new sites and sounds. He is curious and investigative. He has good motivations for interaction, food, and toys at fairly equal and balanced levels. He also has good memory, focus, and problem-solving abilities. He is socially appropriate in his interactions litter mates, cats, other dogs, and with people. He rarely uses his mouth and has excellent bite inhibition. He is also very rarely vocal. He is comfortable and tolerant of handling and restraint. The litter overall have no red flags and show no possessiveness. These puppies are very consistent with very few differences between them. Orange has mid to moderate energy. These puppies are very personable and engaging. They have a good potential for therapy work. They are all bubbly, happy, social, playful, curious, and eager. They are well balanced and should adapt well into most any home that will be interactive with them.

Health notes:

Orange has an under bite.
