**Individual Notes:**

Kady white dot is confident and self-assured. She shows no stress in new situations, around new people, or circumstances that would typically be considered stressful. She is curious and investigative with new sites and sounds including those that would be considered startling. She has excellent motivations for interaction and good motivations for food and toys. She also has very good focus, memory, and problem-solving abilities above average for her age and stage of development. She is socially appropriate in her interactions with litter mates, cats, other dogs, and with people. White Dot has good potential for therapy work. The litter overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. They actively seek out this type of interaction. These puppies are very

consistent with very few differences between them. They are all personable and affectionate. They are eager and engaging. They all have mid to moderate energy. These puppies are content to explore and play on their own but prefer to be with and around people. They are social, happy, curious and well-balanced. they will adapt to most any home that will be interactive with them.
