## **Individual Notes:**

Carrington pink dot is confident in self-assured after a little time to adjust into a new situation. She shows some stress in new situations, around new people, or in circumstances that would be considered stressful. She is curious and investigative with new sites and sounds. She has a good memory, focus, and problem-solving abilities average for her age and stage of development. She also has good motivations for interaction, food, and toys at fairly equal and balanced levels. She is socially appropriate in her interactions with litter mates, cats, other dogs, and with people. She rarely uses her mouth to initiate or engage in play and when she does she has excellent bite inhibition. She is also rarely vocal. She is comfortable and tolerant of handling and restraint. The litter overall have no red flags and show no possessiveness. These puppies are very consistent with very few differences between them. This litter has mid to moderate energy. They are all content to explore and play on their own. They are playful, curious, social, and happy. They are engaging and personable. They are gentle with handling and interaction. They are well-balanced and should adapt well into most any home.

## **Health notes:**

Pink Dot has no health notes.
