Individual Notes:

Evelyn Blue Dot is confident and self-assured. He shows no stress in new situations, around new people, or in circumstances that would typically be considered stressful. He reacts appropriately to new sights and sounds, including those that would typically be considered startling. He is curious and investigative. He has good memory focus and problem-solving abilities. He also has good motivations for interaction, food, and toys. Blue Dot is socially appropriate in his interactions with littermates, with cats, with other dogs, and he is also socially appropriate in his interactions with people. He uses his mouth some to initiate or engage in play, but has excellent bite inhibition. He is vocal in socially appropriate situations, but it is easily managed and/or redirected. He is very comfortable and tolerant of handling and restraint. This litter, overall, shows no red flags and no possessiveness. These puppies are very consistent with very few differences between them. They all have mid to moderate energy. This litter is social, happy, playful, and curious. They are bubbly, eager, and engaging. These puppies are very personable and well balanced and should adapt well into most any home.

Health notes:

Blue Dot has an Umbilical Hernia & Undescended Testical
