Individual Notes:

Ferraro Red overall is very confident and self assured. She has mid level energy. She is playful, curious, social and happy. She is content to explore and play on her own while still being very personable, engaging and interactive. She shows no stress in new situations, around new people or in circumstances that are typically considered stressful. She is curious and investigative with new sights and sounds. She has a good memory, focus and problem-solving abilities average for her age and stage of development. She also has good motivations for interaction, food and toys at equal and balanced levels. She is socially appropriate in her interactions with her littermates, other dogs, cats and people. She rarely uses her mouth, but when she does, she has very good bite inhibition. She has no red flags in her personality and shows no possessiveness. She is comfortable, tolerant and gentle with handling and restraint. She is very middle of the road and balanced. These puppies are very consistent with very few differences between them. They are all well balanced and should adapt well into most in a home.

Health notes:

Red has no health notes.
