7 Wk:

Cynthia Red is confident and self-assured. She shows little to no stress in new situations, around new people, or in situations that are typically considered stressful. She is curious and investigative with sights and sounds including those that are startling. This puppy has excellent motivation for interaction, food, and toys. Her motivation for interaction is slightly higher. Red has excellent focus and very good memory and problem-solving abilities for her age. She is socially appropriate in her interactions with littermates, with cats, and with other dogs. She is also socially appropriate in her interactions with people. She rarely uses her mouth to initiate or engage in play, but has excellent bite inhibition when she does. She is also rarely vocal. Red has mid to moderate energy. Overall, this litter has no red flags and shows no possessiveness. They are all comfortable and tolerant of handling and restraint. Some of them being a little wiggly due to excitement. These puppies are fairly consistent. These puppies are all curious, playful, happy, and social. They are engaging and personable, and they are bubbly, happy, and affectionate. This litter has good potential for therapy work. They will all do best in a home that is going to be interactive with them.

Health notes:

Red has no health notes.
