Individual Notes:

Nala blue is confident and self-assured. He shows no stress in new situations, around new people, or in circumstances that would typically be considered stressful. He reacts appropriately to new sites and sounds. This includes the sights and sounds that should be considered startling. He is curious and investigative. He has very good memory, focus, and problem-solving abilities above average for his age and stage of development. He has good motivations for interaction,

food, and toys at fairly equal and balanced levels. He is socially appropriate in his interactions with litter mates, cats and other dogs. He is also socially appropriate in his interactions with people. He rarely uses his mouth to initiate or engage in play. If he does, he has excellent bite inhibition and it goes unnoticed. He is also rarely vocal. The litter overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. They are very gentle by nature. These puppies are very consistent. They have mid-level energy and are incredibly well balanced. They are content to explore and play on their own without being overly independent. They are very personable and engaging without being needy. These puppies are gentle with handling and interaction. They are playful, social, happy, and engaged. There are very few differences between the puppies within this litter. Differences will become more noticeable as they mature and have different learning experiences. These puppies should adapt well into most any home environment.

Health notes:

Blue has no health notes.
