Individual Notes:

Nala pink is confident and self-assured. She shows no stress in new situations, around new people, or in circumstances that would typically be considered stressful. She reacts appropriately to new sites and sounds. This includes the sights and sounds that should be considered startling. She is curious and investigative. She has very good memory, focus, and problem-solving abilities above average for her age and stage of development. She has good motivations for interaction, food, and toys at fairly equal and balanced levels. She is socially appropriate in her interactions with litter mates, cats and other dogs. She is also socially appropriate in her interactions with people. She rarely uses her mouth to initiate or engage in play. If she does, she has excellent bite inhibition and it goes unnoticed. She is also rarely vocal. The litter overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. They are very gentle by nature. These puppies are very consistent. They have mid-level energy and are incredibly well balanced. They are content to explore and play on their own without being overly independent. They are very personable and engaging without being needy. These puppies are gentle with handling and interaction. They are playful, social, happy, and engaged. There are very few differences between the puppies within this litter. Differences will become more noticeable as they mature and have different learning experiences. These puppies should adapt well into most any home environment.

Health notes:

Pink has no health notes.
