## **Individual Notes:**

Nicholee green is confident and self-assured. He shows no stress in new situations, around new people, or in circumstances that are typically considered stressful. He reacts appropriately to new sites and sounds, including those that are startling. He is curious and investigate of new sights and sounds. He has a good memory, focus, and problem-solving abilities above average for his age and stage of development. He also has excellent motivations for interaction and good motivations for food and toys. He is socially appropriate in his interactions with litter mates, cats and other dogs. He is also socially appropriate in his interactions with people. He rarely uses his mouth to initiate or engage in play, but when he does he has very good bite inhibition. He is rarely vocal. He is comfortable and tolerant of handling and restraint. He actively seeks out this type of interaction. Green has mid-level energy. The litter over all have no red flags and show no possessiveness. These puppies are fairly consistent with very few differences between them. They are all content to explore and play on their own but do prefer to be with and around people. They are very engaging and interactive. The puppies are personable and affectionate. They are gentle with handling and interaction. They are social, happy, curious, and eager. They are playful and balanced. These puppies should adapt well into most any home but would do best in a home that is going to be interactive with them. Any puppy in this litter has good potential for therapy work.

## **Health notes:**

Green has no health notes.
