#### Individual Notes:

Michele Blue Dot is confident and self-assured. He shows little to no stress in new situations, around new people, or in circumstances that would typically be considered stressful. He is curious and investigative with new sights and sounds, including those that are startling. This puppy has exceptional memory focus and problem-solving for his age and stage of development, particularly for interactions with people. He has higher motivations for interaction, than he does for food and toys. He is socially appropriate in his interactions with littermates, with cats, and with dogs. He has very good bite inhibition if he uses his mouth to initiate or engage and play. He has moderate energy. He is very wiggly with handling and a bit resistant with restraint. Blue dot actively works to get and keep your attention, he will vocalize in his effort to get your focus on him. This puppy will do best in a home that is going to be interactive with him. He may be a very good agility candidate. Overall, The Michele litter has no red flags and show no possessiveness. These puppies have some good variety and different traits which are noted.

#### Health notes:

Blue Dot has no health notes.
