Individual Notes:

Sesame Red is confident and self-assured after a little time to adjust into a new situation. She shows little to no stress in new situations, around new people, or in situations that would typically be considered stressful. This puppy is curious and investigative of new sights and sounds, including those that are startling. She has good memory focus and problem-solving abilities average for her age and stage of development. She also has good motivations for interaction, food, and toys at equal and balance levels. She is socially appropriate in her interactions with littermates, with cats, and with other dogs. She is also socially appropriate in her interactions with people. She does use her mouth to initiate and engage in play, but has a good bite inhibition. Red is rarely vocal.

Overall, The Sesame litter has no red flags and shows no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are very consistent with very few differences between them. The differences will become more noticeable once learning experiences occur. These puppies all have mid-level energy. They are well balanced, and they are content to explore and play on their own. They are playful, curious, social, and happy. They are eager, engaging and personable. These puppies should adapt well into most any home.

Health notes:

Red has no health notes.
