Individual Notes:

Karina White is confident and self-assured. She shows no stress in new situations, around new people, or in circumstances that would typically be considered stressful. This puppy is curious and investigated of new sights and sounds, including those that are typically considered startling. She has good memory focus and problem-solving abilities average to her age and stage of development. She also has very good motivations for interaction and food, and good interest in toys. This puppy is socially appropriate in her interactions with littermates, with cats, and with other dogs. She is also socially appropriate in her interactions with people. She does use her mouth quite a lot to initiate or engage in play, and has average bite inhibition. White is rarely vocal. She is a little more independent than the rest.

Overall, the Karinas have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are very consistent with very few differences between them. They all have mid to moderate energy when comparing side-by-side. All of these puppies are very personable and engaging, while still being content to explore and play on their own. These puppies are social, happy, curious, and playful. They are personable and affectionate. They are gentle and excited for handling an interaction. These puppies are well balanced and should all adapt well into most any home. This was a large litter and they've always run a little immature physically for their age. They may need a little more time to be ready to leave and go home or ready to start Prep School.

Health notes:

White has no health notes.
