Individual Notes:

Kiya red dot is confident and self-assured, although she does need a little time to adjust into a new situation. She shows no stress in new situations, around new people, or in circumstances typically considered stressful. She has a good memory, focus and problem-solving abilities at balanced levels, appropriate to her age and stage of development. She also has good motivations for interaction, food and toys at fairly equal and balanced levels. She is socially appropriate in her interactions with litter mates, cats and with dogs. She is also socially appropriate in her interactions with people. She does use her mouth somewhat to initiate or engage in play but has an excellent bite inhibition. She is rarely vocal. Red Dot is confident and self-assured. She has mid to moderate energy. The litter overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. All of the puppies are content to explore and play on their own without being too independent. They are all personable and engaging. They are eager and affectionate. They are curious, playful, happy and social. These puppies are all well balanced, and should adapt well into most any home. Most of the Kiya litter has potential for therapy work.

Health notes:

Red Dot has no health issues.
