Individual Notes:

Genevieve orange is very confident and self-assured. He shows no stress in new situations, around new people, or in circumstances that are typically considered stressful. He is curious and investigative with new sites and sounds, including those that are considered startling. He has a good memory, focus, and problem-solving abilities. His focus is very good for his age, it is well above average, particularly with people. He has excellent motivation for interaction and good motivation for food and toys. He is socially appropriate in his interactions with litter mates, cats and with dogs. He is also socially appropriate in his interactions with people. He has excellent bite inhibition when he uses his mouth to initiate or engage in play. He is also rarely vocal. Orange has moderate energy. The litter overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are curious, playful, social and happy. They are eager and engaging. They are very personable and affectionate. The puppies are more balanced. They are very eager and engaged, but also content to explore and play on their own. These puppies have a good potential for therapy work. They are well balanced and should adapt well into most any home.

Health notes:

Orange has no health notes.
