Individual Notes:

Piper Blue is confident and self-assured. He shows little to no stress in new situations, around new people, or circumstances that are typically considered stressful. He reacts appropriately to new sights and sounds. He is curious and investigative. This puppy has very good memory, focus, and problem-solving abilities above average for his age and stage of development. He also has excellent motivations for interaction, and good motivation for food and toys. He is socially appropriate in his interactions with littermates, with cats, and with other dogs. He is also socially appropriate in his interactions with people. He does use his mouth to initiate and engage in play, but has excellent bite inhibition. He is rarely vocal. Blue has mid to moderate energy, and has the potential for therapy work. He is content to explore and play on his own, but prefers to be with and around people.

Overall, the Piper litter has no red flags and shows no possessiveness. They are all comfortable and tolerant of handling and restraint. They are very bubbly, happy, social, playful, curious, and engaging. They are personable and affectionate. They are gentle with handling and interaction. They are very well balanced, and should adopt well into most any home that is going to be interactive with them.

Health notes:

Blue has an underbite.
