Individual Notes:

Anniston green is confident and self-assured. He shows no stress in new situations, around new people, or circumstances that are typically considered stressful. He reacts appropriately to new sites and sounds, including those that should be considered startling. He is curious and investigative. He has excellent motivations for interaction, food, and toys at equal and balanced levels. He has very good memory and focus. He has average problem-solving abilities and he is socially appropriate in his interactions with litter mates, cats, and with other dogs. He is also socially appropriate in his interactions with people. He does use his mouth quite a lot to initiate or engage in play, but has very good bite inhibition. He is rarely vocal. The litter overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are fairly consistent with very few differences between them. They all have mid to moderate energy. These puppies are curious, playful, social, and engaging. They are personable and affectionate. They are confident, outgoing, and content to explore and play on their own while not being too independent. They are also very personable and affectionate. When comparing these puppies side-by-side, Green Dot and Red are the most engaging and interactive. These puppies are well balanced and should adapt well into most any home.
