### Individual Notes:

Portia White is confident and self-assured. She shows no stress in new situations, around new people, or in circumstances that would typically be considered stressful. This puppy is very curious and investigative with new sights and sounds, including those that should be considered startling. She has excellent focus, memory, and problem-solving abilities above average for her age and stage of development. She has excellent motivation for interaction and food, as well as good interest in toys. White is socially appropriate in her interactions with littermates, with cats, and with other dogs. She is also socially appropriate in her interactions with people, although, she can be a little pushy at times in her effort to get and keep your attention. This puppy has excellent bite inhibition when she uses her mouth to initiate or engage and play. She is rarely vocal. White has mid to moderate energy..

Overall, the Portia litter has no red flags and shows no possessiveness. They are comfortable and tolerant of handling and restraint. They are fairly consistent. Any puppy in this litter has potential for therapy work. They are very personable and engaging. They are affectionate and eager. These puppies are social, happy, bubbly, and playful. They are content to explore and play on their own and are very well balanced. They should adapt well into most any home.

### Health notes:

White has no health notes.
