Individual Notes:

Vanessa blue dot is confident and self-assured. He shows little to no stress in new situations, around new people, or in circumstances that are typically considered stressful. He reacts appropriately to new sites and sounds, including those that should be considered startling. He is curious and investigative. He has a good memory, focus, and problem-solving abilities average to his age and stage of development. He also has good motivations at fairly balanced levels for interaction, food and toys. He is socially appropriate in his interactions with litter mates, cats and with other dogs. He is also socially appropriate in his interactions with people. He rarely uses his mouth to initiate or engage in play and has excellent bite inhibition if he does. He also is rarely vocal. He is pretty easy-going and seems to take most everything in stride. The litter overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are very consistent with very few differences between them. They all have mid-level energy. They are very well balanced. They are content to explore and play on their own without being overly independent. They are personable and engaging without being pushy. These puppies are social, happy, curious, and playful. They are very well balanced and should adapt well into most any home.

Health notes:

Blue Dot has no health notes.
