He is curious and investigative with new sites and sounds, including those that are startling. He has good memory, focus, and problem-solving abilities average to his age and stage of development. He also has excellent motivation for interaction and good motivation for food and toys. Green is socially appropriate in his interactions with his littermates, cats and with other dogs. He is also socially appropriate in his interactions with people; he does use his mouth to initiate, engage and play, but has excellent bite inhibition. He is rarely vocal. He has mid to moderate energy. He is content to explore and play on his own without being overly independent, but very personable and engaging.
