Individual Notes:

Delores White is a little timid to start in a new situation, but does adjust very well and on her own. Once adjusted, she shows little to no stress in new situations, around new people, or in circumstances typically considered stressful. This puppy reacts appropriately to new sights and sounds, she is curious and investigative. She is socially appropriate in her interactions with littermates, with cats, and with other dogs. She is also socially appropriate in her interactions with people. She does use her mouth to initiate or engage in play, but has a very good bite inhibition. White is rarely vocal. She has a good memory, focus, and problem-solving abilities average for her age and stage of development. She also has excellent motivations for interaction, and good motivation for food and toys. She has mid to moderate energy. Once she is adjusted, she becomes very bubbly, happy, social, eager, and engaging. This puppy has no red flags and shows no possessiveness. She is comfortable and tolerant of handling and restraint. She is personable and affectionate. She is calm and gentle with handling and interaction. White is content to explore and play on her own, while not being overly independent. She is very well balanced, and should adapt well into most any home environment.

Health notes:

White has an underbite.
