### **Individual Notes:**

Lucinda Red Dot is confident and self-assured. She shows no stress in new situations around new people, or in circumstances that would typically be considered stressful. She reacts appropriately to new sites and sounds, including those that are considered startling. Red Dot has excellent motivation for interaction and good motivation for food and toys. Red Dot is socially appropriate in her interactions with cats, other dogs and people. Red Dot has good memory, focus and problem-solving abilities average to her age and stage of development. Red Dot rarely uses her mouth, if she does use her mouth, she is very gentle and has excellent bite inhibition. Red Dot is rarely vocal, playful, very silly, social and curious. Red Dot is content to explore and play on her own, but prefers to be with and around people. She is not overly needy or pushy for attention. Red Dot tends to be very gentle with handling and interaction. She is very personable and affectionate. Red Dot has mid to moderate level energy.

Overall this little has no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are fairly consistent with very few differences between them. These differences will become more pronounced as the puppies have different learning and socialization experiences. These puppies are very well balanced and will do best in most any home.
