### **Individual Notes:**

The Genevieve litter overall is confident and self-assured, although a couple of puppies need a little time to adjust into new situations. These puppies show little to no stress in new situations, around new people, or in circumstances typically considered stressful. They are curious and investigative with new sites and sounds, including those that should be considered startling. These puppies have a very good memory, focus, and problem-solving abilities for their age and stage of development. They also have excellent motivations for interaction, and good motivation for food. They have good interest in toys. These puppies are socially appropriate in their interactions with one another, with cats, and with other dogs. They are also socially appropriate in their interactions with people. Green Dot does use his mouth to initiate or engage in play, but he has very good bite inhibition. He is rarely vocal. Green Dot has no red flags and show no possessiveness. He is comfortable and tolerant of handling and restraint. Green Dot has Moderate energy.

All of the Genevieve puppies have good potential for Therapy work. All of these puppies are well balanced, they will do best in a home that will be interactive with them.
