Individual Notes:

The Jolene litter overall is confident and self-assured. They show little to no stress in new situations, around new people, or in circumstances that are typically considered stressful. They are curious and investigated with new sites and sounds, including those that should be considered startling. These puppies have good memory, focus, and problem-solving abilities above average for their age and stage of development. They also have excellent motivations for interaction food and toys at fairly equal and balance levels. These puppies are socially appropriate in their interactions with one another, with cats, and with other dogs. They are also socially appropriate in their interactions with people Blue rarely uses his mouth to initiate in play, when he does he has very good bite inhibition. He is rarely vocal. Blue has mid to moderate energy.

These puppies are fairly consistent. They are all playful, curious, social and happy. They are all content to explore and play on their own and they are all personable and engaging.. Blue should adapt well into most any home home.

Health notes:

Blue has no health notes.
