Karina Litter Temperament Overview:

The Karina litter overall is confident and self assured, although Blue needed a little time to adjust into a new situation. They show little to no stress in new situations, around new people, or in circumstances typically considered stressful. These puppies react appropriately to new sights and sounds, including those that should be considered startling. Over all these puppies have good memory, focus, and problem-solving abilities, average to their age and stage of development. These puppies also have good motivations for interaction, food, and toys at fairly equal and balanced levels.

These puppies are socially appropriate in their interactions with one another, with cats, and with dogs. They are also socially appropriate in their interactions with people. They rarely use their mouth to initiate or engage in play and have excellent bite inhibition if they do. They are rarely vocal. These puppies overall are comfortable and tolerant of handling and restraint. They have no red flags and show no possessiveness. These puppies are fairly consistent and should adapt well into most any home.
