Kate Boys Temperament Overview:

The Kate litter overall is confident and self assured. They show no stress in new situations, around new people, or in circumstances typically considered stressful. They are curious and investigative with new sights and sounds including those that should be considered startling. These puppies have excellent memory, focus, and problem-solving abilities above average for their age and stage of development. They also have very good motivations for interaction food and toys. They are most motivated by interaction but also have very good motivations for food and toys.

These puppies overall are socially appropriate in their interactions with one another, with cats, and with other dogs. They are socially appropriate in their interactions with people. They can be a bit pushy at times in their effort for engagement. These puppies have no red flags and show no possessiveness. They are comfortable and tolerant of handling and restraint. Most of them actively seeking out this type of interaction. They are rarely vocal but a couple of the puppies do vocalize in their effort to get your attention.

Kate Blue

- **Energy Level:** Mid to Moderate
- **Personality:** Blue is very well balanced. He is slightly more self-sufficient than the rest of the litter but is still very personable and engaging.
- **Health Notes:** N/A

Kate Green

- **Energy Level:** Moderate
- **Personality:** Green is very sweet, playful, personable, and engaging.
- **Health Notes:** He has an undescended testicle.

Kate Orange

POTENTIAL ALERT CANDIDATE

- **Energy Level:** Moderate
- **Personality:** Orange actively works to get and keep your attention— at times vocalizing in his efforts. He is very personable, playful, and would much rather be with people than on his own. He has very good potential for alert work. This puppy will do best in a home that is going to be interactive with him and give him a job to do.
- **Health Notes:** N/A
