Miley Girls Temperament Assessments

Date of Birth: 4/2/2025

Miley Girls Temperament Overview:

The Miley litter overall is confident and self assured. They show little to no stress in new situations, around new people, or in circumstances typically considered stressful unless otherwise noted. These puppies are curious and investigative with new sights and sounds, including those that should be considered startling. These puppies have excellent motivation for interaction and food and good motivation for toys.

Overall, these puppies have good memory, focus, and problem-solving abilities average to their age and stage of development. These puppies are socially appropriate in their interactions with one another, with cats, and with other dogs. They are also socially appropriate in their interactions with people. They do use their mouth to initiate and engage in play, but have very good bite inhibition and they are rarely vocal. They have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are fairly consistent.
