Sansa Boys Temperament Overview:

The Sansa litter is overall confident and self-assured. Unless otherwise noted, these puppies show no stress in new situations, around unfamiliar people, or in environments typically considered stressful. They are curious and investigative when exposed to new sights and sounds, including those that would typically be considered startling.

These puppies demonstrate age-appropriate memory, focus, and problem-solving abilities. They are highly motivated by interaction, food, and toys. Socially, they are appropriate in their interactions with one another, with cats, with other dogs, and with people. They may use their mouths to initiate or engage in play, but have excellent bite inhibition. They are rarely vocal, and no red flags or signs of possessiveness were observed. Overall, these puppies are very consistent in temperament, with only subtle differences between individual.

Sansa **Orange**- “Breeder’s Pick” ; Enrolled into S.U.P.E.R Puppy Program

POTENTIAL THERAPY CANDIDATE

- **Energy Level:** Mid Level
- **Personality:** Orange is initially a little unsure but adjusts beautifully and independently once given time. He is naturally respectful and calm during interaction, and his gentle, intuitive nature makes him an ideal candidate for therapy work. He is socially appropriate, rarely vocal, and responds well to new environments with quiet confidence.
- **Health Notes:** N/A

Sansa **Blue**

- **Energy Level: Mid Level**
- **Personality:** Blue is more independent compared to his littermates, but still sweet, playful, and engaging. He is confident and curious when exploring and enjoys social interaction on his own terms. His balanced temperament and low-maintenance nature make him a wonderful companion.
- **Health Notes: N/A**

Sansa **Green**

POTENTIAL SERVICE + THERAPY CANDIDATE

- **Energy Level: Mid to Moderate**
- **Personality:** Green is very engaged and thrives on connection. He prefers being around people over being alone and seeks out interaction with enthusiasm. His intuitive, affectionate nature and consistent temperament make him an excellent candidate for both service and therapy work.
- **Health Notes: N/A**
