

# Meet the Parents

## Alissa x Rembrandt — Parent Overview

**Alissa** is an incredibly sweet girl with a calm, affectionate nature. She loves to cuddle and truly thrives on close interaction. While she absolutely has her playful spurts like any puppy, her happiest moments are when she's curled up with her people. She's motivated by both food and play, but she consistently chooses connection first — and she does so in the most polite, gentle way. She's never pushy, always respectful, and such an easy girl to love.

**Breed:** F1 Goldendoodle

**Weight:** 70lbs

**Rembrandt** is one of our fan-favorite sires, beloved for his outgoing, friendly, and deeply loving temperament. While he has plenty of playful energy, he is also more low-key than many male poodles, settling beautifully for handling and connection. His warm, steady nature makes him an exceptional complement to Maggie's sweet, relaxed charm.

**Breed:** Standard Poodle

**Weight:** 58lbs

**Together**, Maggie and Rembrandt are expected to produce puppies who are affectionate, well-mannered, and beautifully people-oriented. Their puppies should have average energy levels, excellent trainability, and an easy adaptability that allows them to fit naturally into a wide range of lifestyles. This pairing promises a litter filled with gentle, loving companions who will bond closely with their families and bring a calm, joyful presence to any home.
