## Cleo x Brutus — Parent Overview

**Cleo** is a sweet, affectionate girl with a gentle and respectful nature. She is soft-hearted and loving, yet carries a little streak of sass that makes her personality shine. Cleo has no problem letting you know when something isn't her preference, which only adds to her charm. She is playful, outgoing, and full of character — a delightful blend of sweetness and spirit.

**Breed:** Mini Schnauzer

**Weight:** 11lbs

**Brutus**, on the other hand, is a giant dog in a tiny package. No one has informed him that he's small, so he approaches every outing, adventure, and interaction with the confidence of a 120-pound mastiff. He is loving, affectionate, eager, and absolutely convinced that the world is here just for him. With his happy nature, athletic ability, and big personality, he quickly becomes the center of attention wherever he goes.

**Breed:** Mini Poodle

**Weight:** 9lbs

**Together**, Cleo and Brutus are expected to produce puppies who are well-balanced, eager to please, and wonderfully trainable. Their little ones will likely believe they are the stars of the show — playful, social, and deeply people-focused. This pairing should result in puppies who bring fun, confidence, and affection into every home they join.
