

# Meet the Parents

## Lucille x Briggs — Parent Overview

**Lucille** is a very sweet, gentle, and easygoing girl. She is tolerant, patient, and happy to be part of anything her people want to do. Whether she's sitting beside you, walking with you, or playing along, she's simply content to be included. Lucille is a beautiful girl whose world rises and sets with the people around her, and her tender, devoted nature shines in everything she does.

**Breed:** F2B Goldendoodle

**Weight:** 14lbs

**Briggs** is observant by default, preferring to take in a situation before jumping in. Once he does, he becomes a bouncy, happy, playful boy with an eager, joyful spirit. He loves to run and play, but he settles nicely and is wonderfully responsive and respectful. With his sweet cuddly side and his motivation for engagement, he brings a balanced and thoughtful energy to this pairing.

**Breed:** Moyen Poodle

**Weight:** 17lbs

**Together,** Lucille and Briggs are expected to produce puppies who may begin life a little reserved, but who will adapt and adjust beautifully and on their own. Their puppies should be respectful, tolerant, focused, and very trainable, with affectionate personalities and a strong desire to please. This litter is anticipated to be loving, people-oriented, and wonderfully balanced — a perfect fit for families who value gentle, connected, and devoted companions.
