

# Meet the Parents

## Lilith x Hamilton — Parent Overview

**Lilith** is a confident, social, and expressive girl who brings a lot of personality to her puppies. While her litters may show a brief adjustment period in new environments or around unfamiliar people, her puppies consistently demonstrate strong resilience and the ability to recover and adapt beautifully on their own. Lilith's puppies are naturally curious and investigative, approaching new sights and sounds with interest rather than fear, and they settle quickly once they understand their surroundings.

**Breed:** Mini Poodle

**Weight:** 12lbs

**Hamilton** complements her well, contributing steadiness, balance, and emotional stability. Together, this pairing has previously produced puppies with good memory, focus, and problem-solving abilities appropriate for their age, along with well-balanced motivation for interaction, food, and toys. These puppies are socially appropriate with littermates, other dogs, cats, and people, rarely use their mouths during play, and show excellent bite inhibition when they do. They are typically quiet, tolerant of handling and restraint, and show no possessive tendencies or behavioral red flags.

**Breed:** Mini Schnauzer

**Weight:** 12lbs
