

Meet The Parents

Mardi x Harvey — Parent Overview

Mardi is a sweet, goofy, and affectionate girl who absolutely adores attention—and happily demands it on a regular basis. She isn't picky about how that attention comes, whether it's through play, cuddles, romping, bath time, or anything else. Mardi simply wants to be included and invited, and her joyful enthusiasm makes her impossible not to love.

Breed: F1B Goldendoodle

Weight: 32lbs

Harvey shares a very similar spirit. He is outgoing, gentle, and overflowing with personality. Like Mardi, he cares more about the invitation than the adventure itself. He loves to play, is very intelligent, and has become a fan favorite around the nursery thanks to his engaging, happy-go-lucky nature.

Breed: F1 Schnoodle

Weight: 12lbs

Together, Mardi and Harvey are expected to produce puppies that reflect the best of both parents—bubbly, affectionate, and full of charm. We anticipate puppies that are curious, adventurous, and highly engaged, with mid to moderate energy levels and an exceptional motivation for interaction. This is a litter that should transition beautifully into a wide variety of home environments and bring joy wherever they go.
