

# Meet The Parents

## Rory x Jamison — Parent Overview

**Rory** is a fun, sweet, and outgoing mom with a wonderfully goofy demeanor and a personality that somehow exceeds her giant size. She absolutely adores people and, given the chance, is a true lap dog at heart. Her joyful presence and love for interaction make her an instant favorite wherever she goes.

**Breed:** F1B Schnoodle

**Weight:** 65lbs

**Jamison** mirrors much of that same spirit, just in a slightly more polished way. He is outgoing, confident, and affectionate, with a passionate approach to play, engagement, and connection with his people. Whether romping, training, or simply spending time together, Jamison brings enthusiasm and intention to everything he does.

**Breed:** Standard Poodle

**Weight:** 64lbs

**Together**, Rory and Jamison are expected to produce puppies that are bubbly, outgoing, and full of fun. We anticipate mid to moderate energy levels, a strong desire to be involved in whatever their people are doing, and motivation that seems to come from life itself. This is a litter that should bring joy, laughter, and connection into nearly any home they join.
