

# Meet The Parents

## Arizona x Captain — Parent Overview

**Arizona** (besides being absolutely stunning) is a sweet, bubbly, and outgoing girl with a big, personality-forward presence. She naturally becomes the center of attention wherever she goes—and she loves every second of it. Arizona is very cuddly, deeply affectionate, and thrives on connection, making her a warm and engaging momma with a joyful, people-focused temperament.

**Breed:** F2 Goldendoodle

**Weight:** 45lbs

**Captain** mirrors much of that same spirit. He is affectionate, self-assured, and outgoing, with a wonderfully balanced temperament. Captain is open, adaptable, and eager to experience anything and everything—especially when his people are involved. His steady confidence and easygoing nature make him a very reliable and well-rounded sire.

**Breed:** Moyen Poodle

**Weight:** 32lbs

**Together**, Arizona and Captain are expected to produce puppies that closely reflect their parents' temperaments. We anticipate sweet, outgoing, affectionate, and highly engaged puppies with fun-loving personalities and strong people orientation. Energy levels should fall in the mid to moderate range, and their adaptable, social nature should make them an excellent fit for a wide variety of home environments.
