## Palmer x Korbin — Parent Overview

### **Palmer:**

**Weight:** 15lbs

**Breed:** F1 Schnoodle

### **Korbin:**

**Weight:** 14lbs

**Breed:** Mini Poodle

This is a repeat breeding, allowing us to rely on real, established temperament notes from the previous Palmer & Korbin litter. That litter overall is very confident and self-assured. They are bubbly, happy, social, and eager. They have no fear in new situations, around new people, or in circumstances typically considered stressful. These puppies react appropriately to new sites and sounds and they are curious and investigative. This include sites and sounds which should typically be considered startling. These puppies overall are socially appropriate in their interactions with one another, with cats, and with other dogs. They are also socially appropriate in their interactions with people. These puppies have good memory and problem-solving abilities to their age and stage of development. They have excellent motivations for interaction and good motivation for food and toys. These puppies have no red flags and show no possessiveness. They do use their mouth to initiate or engage in play, but have excellent bite inhibition. They are rarely vocal. These puppies are all comfortable and tolerant of handling and restraint. They actually seek out this type of interaction. These puppies all have moderate energy. They are very bubbly, happy, social, and affectionate. They are eager and engaging. They are very personable and playful. They are content to explore and play on their own, but prefer to be around people. These puppies are very consistent with very few differences between them. They are well balanced, and should adapt well to most home. They have good potential for therapy work.
