

# Meet The Parents

## Simone x Stark — Parent Overview

**Simone** is an outgoing, engaging, and confident girl with a bubbly, playful side. She loves to run and have fun when given the opportunity, yet she is just as content to lean in for hugs and affection. As long as she's invited to be part of what's going on, Simone is happy simply being included. Her balance between playfulness and affection makes her a wonderfully versatile companion.

**Breed:** F1 Goldendoodle

**Weight:** 64lbs

**Stark** carries a very similar temperament. He is outgoing, balanced, and self-assured, approaching life with an open and easygoing attitude. Stark is happy-go-lucky, adaptable, and comfortable in just about any setting, bringing steadiness and confidence to this pairing.

**Breed:** Moyen Poodle

**Weight:** 44lbs

**Together**, Simone and Stark are expected to produce what many would consider textbook Smeraglia Goldendoodles—outgoing, self-assured, and beautifully balanced. We anticipate sweet, loving puppies who are comfortable with handling, playful and fun during interaction, yet content to entertain themselves when needed. With mid to moderate energy levels and adaptable temperaments, this litter should be an excellent fit for nearly any home environment.
