

Meet the Parents

Magnolia x Jamison — Parent Overview

Magnolia is a sweet, balanced, and truly gentle giant of a momma. While she'll have an occasional spurt of gusto, her happy place is stretched out, lounging, and snoozing whenever possible. She carries a wonderfully chill, laid-back presence and brings a calm, steady energy to those around her.

Breed: English Retriever

Weight: 72lbs

Jamison is outgoing, confident, and affectionate, approaching life with enthusiasm and engagement. He loves to romp, play, and interact with people with clear passion for whatever he's doing. While he carries more energy than Magnolia, he is by no means rambunctious or overbearing—just animated, confident, and socially engaged.

Breed: Standard Poodle

Weight: 64lbs

Together, Magnolia and Jamison are expected to blend beautifully, producing exactly what many envision in a large F1 Goldendoodle. We anticipate sweet, laid-back yet confident puppies who are happy to be “along for the ride.” With mid-level energy and well-balanced temperaments, this litter should transition seamlessly into just about any home environment.
