

Meet The Parents

Natasha x Lincoln — Parent Overview

Natasha is sweet, outgoing, and highly engaging. She's the type of dog who cares more about the invite than the adventure itself—so long as she gets to be included, she is perfectly happy. Natasha thrives on connection and interaction, bringing a warm, easygoing presence wherever she goes.

Breed: F1B Goldendoodle

Weight: 65lbs

Lincoln is also sweet, affectionate, and outgoing, but what stands out most about him is the personality that seems to ooze out of every pore. He's a funny, charming boy who naturally becomes the center of attention in any room he enters—and it's nearly impossible not to give it to him. Lincoln brings a lively, lovable energy to everyone he meets.

Breed: F1B Goldendoodle

Weight: 25lbs

Together, Natasha and Lincoln are expected to produce puppies that mirror their parents' engaging and affectionate temperaments. We anticipate mid to moderate energy levels, strong motivation for interaction, and puppies that thrive on being included in everyday life. This litter should be a wonderful fit for a wide variety of home environments.
