

Meet The Parents

Biscotti x Stitch — Parent Overview

Biscotti is a well-balanced, affectionate, and incredibly sweet girl who would happily live as close to you as possible if given the chance. She thrives on human interaction and connection, always seeking attention and engagement. With a mid-level energy, she enjoys playing and interacting—especially when it involves her people—and is happiest when she’s included in everyday life.

Breed: F1B Goldendoodle

Weight: 9.7lbs

Stitch is a gentle, affectionate boy with a naturally calm and easygoing demeanor. He leans more toward being a cuddlebug than anything else and truly prefers quiet companionship over high-energy activity. While he can engage when encouraged, he’s most content settling in close and soaking up affection.

Breed: F1 Schnoodle

Weight: 12lbs

Together, Biscotti and Stitch are expected to produce puppies that are affectionate, people-oriented, and engaging. We anticipate mid-level energy, at times reaching into the mid-to-moderate range, with strong motivation for human interaction and affection. This litter should be well-suited for a wide variety of homes, especially those looking for a devoted and loving companion.
