The Celine x Maverick litter is a very sweet, engaging, and well-balanced group that reflects a beautiful combination of both parents. These puppies are affectionate, confident, and easygoing, with a natural “go with the flow” temperament that makes them very enjoyable to be around. They are personable and engaging, while still being content to explore and entertain themselves independently when needed.

Overall, this litter is tolerant, gentle in their approach, and socially appropriate in both play and interaction. They are playful and silly without being overwhelming, and none are vocal, pushy, or mouthy when seeking attention. Energy levels sit comfortably at a mid / mid to moderate range, making them versatile companions that will transition well into a variety of home environments. They’re all very loving and people-oriented!
