

Meet The Parents

Elizabeth x Cashew — Parent Overview

Elizabeth is a sweet, balanced, and even-keeled girl with a very adaptable nature. She enjoys affection and handling, readily engaging with her people, but is equally content to entertain herself when needed. She embodies a true “jack of all trades” personality, making her both easygoing and versatile.

Breed: English Retriever

Weight: 58lbs

Cashew is sweet, outgoing, and highly engaging. He loves nothing more than being by your side and joining in on whatever the day brings. He approaches the world with a balanced mindset, rarely being too much or too little, and consistently offering a steady, enjoyable presence.

Breed: Mini Poodle

Weight: 10lbs

Together, Elizabeth and Cashew are expected to produce puppies that are well-rounded, engaging, and balanced. We anticipate affectionate and sweet temperaments with mid to moderate energy levels. These puppies should be comfortable exploring independently when needed, but will naturally prefer being with their people, making them a wonderful fit for a wide variety of home environments.
