

Victoria Boy Temperament Assessment

F1 Large Teddybear Goldendoodle

Date of Birth: 3/2/2026

Litter Temperament Overview:

The Victoria litter is a wonderfully balanced, intelligent, and well-rounded group with mid-level energy across the board. These puppies are confident without being pushy, affectionate without being overly dependent, and adaptable to a wide range of environments. They show a beautiful blend of curiosity, engagement, and independence, with several displaying steady, thoughtful temperaments. Some of the boys in this litter will take a little more time to adjust to new environments, but once comfortable, they open up beautifully and become loyal, sweet companions. Overall, this litter is full of classic, easygoing puppies who will make wonderful family companions.

Blue

- **Energy Level:** Mid
 - **Personality:** Blue is a confident, happy boy with a gentle and easygoing personality. He is balanced and engaging without being pushy, and he enjoys both interaction and independent play. Blue is social, curious, and content to entertain himself when needed, but clearly enjoys time with his people. He is tolerant of handling, though he can be slightly tense when lifted in the air. He plays hard when it's time to play and settles well afterward, showing a beautiful off-switch. Overall, he is a happy, affectionate, and well-balanced companion.

Green

- **Energy Level:** Mid
 - **Personality:** Green is a gentle and thoughtful boy who needs a bit of time to feel confident in new environments. He may be slightly unsure at first, but with time and patience, he warms up and reveals a sweet, steady nature. He is balanced in his interactions, comfortable with handling even if he doesn't particularly seek it out, and naturally affectionate once he feels secure. Green will thrive in a home that gives him space to adjust at his own pace, where he can build confidence and form a strong bond with his people.
 - **Health Notes:** Puppy's teeth are slightly delayed in development, but his bite appears correct. He currently has both testicles present, though neither has descended yet, which is common at this age. This is expected to resolve as he matures and has been evaluated and cleared by our vet.

Orange

- **Energy Level:** Mid

- **Personality:** Orange is a sweet and steady boy who takes a little more time to warm up in new environments. He may initially be unsure, but once he feels secure, his confidence grows and his affectionate, gentle nature shines. He is well-balanced and easy to handle, though he doesn't actively seek out handling or interaction at first. Orange will thrive in a home that gives him time and space to settle in, where he can build trust and confidence at his own pace. Once comfortable, he becomes a loyal, loving companion with a calm and thoughtful presence.
