

Meet the Parents

Ava x Slade — Parent Overview

Ava is an affectionate, gentle, and well-balanced girl with a soft, thoughtful nature. She can be a little bashful in new situations or with new people, but once she feels comfortable, she opens up beautifully and reveals a very engaging and connected personality. Ava brings a quiet sweetness and steady presence to those around her.

Breed: English Retriever

Weight: 60lbs

Slade shares a very similar disposition, leaning even more toward the reserved side. He is sweet, affectionate, and deeply content when being loved on. While he can certainly be playful, Slade is happiest in calm, connected moments. He carries a balanced and engaged temperament, just expressed in a more subtle, laid-back way.

Breed: Mini Poodle

Weight: 14lbs

Together, Ava and Slade are expected to produce puppies that closely mirror their parents—sweet, balanced, affectionate, and gentle with an even-keeled nature. We anticipate mid-level energy, strong people-oriented motivation, and puppies that will thrive in homes where they are given consistent interaction and connection.
