

Chevelle Boys Temperament Assessment

Chevelle Boys Play Video

Date of Birth: 4/17/2026

Chevelle Litter Temperament Overview:

The Chevelle litter is confident, outgoing, and highly engaging, with a strong natural inclination toward people and interaction. They are affectionate, intelligent, personable, people oriented and very eager to connect, making them very enjoyable and rewarding puppies to work with.

Across the board, they demonstrate impressive focus, responsiveness, and learning capability for their age, supporting strong potential for advanced training and working roles, including service and therapy where noted.

Energy levels range from mid to moderate, often increasing with interaction and settling appropriately with handling. These puppies will thrive in homes that offer consistent engagement, structure, and opportunities to channel both their social and mental energy.

Overall, this is a very well-rounded, capable litter with excellent temperaments and versatility for a wide variety of homes.

Chevelle Blue

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level: Mid Level**
- **Personality:** Chevelle Blue is a very well-balanced, affectionate, and gentle puppy with a naturally calm and approachable demeanor. He is confident without being overwhelming and shows a strong preference for people and interaction. He engages easily, enjoys handling, and has a steady, easygoing presence that makes him very adaptable. His energy is a true mid level, with a slight increase during interaction while remaining very manageable overall. With his temperament, focus, and engagement, he shows nice early potential for therapy or emotional support roles.
- **Physical Evaluation:** N/A

Chevella Green

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level: Mid Level**
- **Personality:** Chevella Green is a personable, engaging, and affectionate puppy who is very people-oriented and naturally drawn to interaction. He is confident and steady, without being pushy, and shows a gentle and easygoing temperament. He handles well, enjoys attention, and is very rewarding to engage with. His energy level is a consistent mid level, rising slightly with interaction but remaining balanced and manageable. With his strong human focus and stable demeanor, he shows good early potential for therapy or emotional support work.
- **Physical Evaluation:** N/A

Chevelle Orange

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level: Mid Level**
- **Personality:** Chevelle Orange is a very well-balanced, affectionate, and gentle puppy with a slightly calmer demeanor compared to his littermates. He is confident, personable, and enjoys interaction, while maintaining a more easygoing and relaxed presence. He is very tolerant with handling and engages in a soft, steady way that makes him very easy to be around. His energy level is mid, with mild increases during interaction, but he remains overall calm and manageable. His temperament supports good early potential for therapy or emotional support roles.
- **Physical Evaluation:** N/A

Chevelle Blue Dot

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level: Mid to Moderate**
- **Personality:** Chevelle Blue Dot is a highly engaging, attention-driven puppy who actively works to gain and maintain interaction. He is confident, affectionate, and very people-focused, with a strong desire to be involved. At times, he can be a bit more persistent in seeking attention, but this comes from his high level of engagement and motivation. He handles well, though he may be slightly wiggly with excitement. His energy level ranges from mid to moderate, increasing with interaction. With his strong focus and engagement, he shows good early potential for therapy or emotional support work
- **Physical Evaluation:** N/A

Chevella Green Dot

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level: Mid to Moderate**
- **Personality:** Chevella Green Dot is a well-balanced, confident, and personable puppy with a gentle and engaging nature. He is strongly people-oriented and enjoys interaction, while still maintaining a calm and respectful demeanor. He can be slightly wiggly with excitement during handling, but settles appropriately. His energy level is mid to moderate, rising with interaction while remaining manageable. With his balanced temperament and engagement, he shows good early potential for therapy or emotional support roles.
- **Physical Evaluation:** N/A

Chevelle Orange Dot

POTENTIAL SERVICE / THERAPY CANDIDATE

- **Energy Level: Moderate**
- **Personality:** Chevelle Orange Dot is a very people-focused, affectionate, and highly engaging puppy who forms strong connections and actively seeks interaction. He is confident without being overwhelming and shows an exceptional level of attentiveness and awareness toward people. He can be slightly vocal when seeking attention, which is simply part of his strong desire to engage. He handles well overall and settles nicely once engaged. His energy level is moderate, with excitement around interaction but a good ability to calm. With his strong human focus and responsiveness, he shows great early potential for service or therapy work.
- **Physical Evaluation: N/A**

Chevelle x Jonah — Parent Overview

Chevelle is outgoing, affectionate, engaging, and incredibly personable. She carries a beautifully balanced mid-level energy that comes alive most around interaction—which is easily her favorite thing in the world. Whatever is happening, Chevelle is happy to be part of it so long as her people are involved too. Her social, connected nature makes her a joy to be around.

Breed: F1B Goldendoodle

Weight: 30bs

Jonah is sweet, charismatic, and wonderfully gentle. He prefers cuddles and interaction over just about anything else and thrives on quiet connection with his people. While he can be a little nervous at first around new faces, his desire to please and naturally affectionate temperament shine through beautifully once he feels comfortable.

Breed: F1B Schnoodle

Weight: 24lbs

Together, Chevelle and Jonah are expected to produce puppies that are affectionate, engaging, gentle, and deeply people-oriented. We anticipate balanced temperaments with mid-level energy, strong motivation for interaction, and puppies that thrive on connection and companionship. This litter should be a wonderful fit for homes looking for a sweet, socially connected companion.
