[Ester Boys Play Video \(Blue, Green, Orange\)](#)

Date of Birth: 4/7/2026

Ester Litter Temperament Overview:

The Ester litter is a personable, confident, and engaging group that reflects the balanced and affectionate nature of both parents. These puppies are sweet, gentle, and naturally drawn to human interaction, showing clear motivation toward connection, engagement, and affection. They are socially appropriate and overall very easygoing, with a strong ability to adapt to their environment while maintaining a loving and approachable demeanor.

These puppies are tolerant and continue to grow in confidence through consistent interaction, showing a steady and positive response to handling and engagement. The litter demonstrates a nice balance of independence and connection, with most puppies preferring to be with their people while still being capable of settling and entertaining themselves when needed.

Energy levels vary across the litter, ranging from lower moderate to mid-moderate, allowing for a wide range of personalities suited for different home environments. Overall, this is a well-rounded, affectionate, and socially driven litter that should transition well into most homes, especially those looking for an engaging and people-oriented companion.

Ester Blue

POTENTIAL SERVICE + THERAPY CANDIDATE

- **Energy Level: Mid Level**
- **Personality:** Ester Blue is a confident, happy, and engaging puppy with a fun, slightly goofy personality that makes him very easy to love. He naturally seeks out interaction and enjoys being around people, showing a strong desire to connect while still maintaining a respectful and well-balanced demeanor.

He is very tolerant with handling and responds in a gentle, affectionate way, making him easy and enjoyable to interact with. His energy stays at a true mid level, remaining steady and manageable without becoming overly excitable. Based on his strong human focus, engagement, and responsiveness, he shows very good early potential for service and therapy work. He is incredibly people-oriented and intuitive, naturally forming strong bonds and wanting to stay connected with his family.

- **Health Notes:** N/A
- **Physical Notes:** As part of our adoption process for select puppies, this puppy will be neutered once he is of age and prior to going home with his forever family. This helps us protect the integrity of our Smeraglia bloodlines while ensuring each puppy is placed as a beloved family companion. An additional neuter fee of \$395 will apply.

Ester Green

- **Energy Level: Mid Level**
- **Personality:** Ester Green may take a brief moment to settle into new situations, but once he does, he becomes a very sweet, personable, and engaging puppy. He shows a nice balance overall, with a slight preference for people while still being comfortable doing his own thing when needed.

He can feel a bit unsure with handling at first, but he does not resist and relaxes as he becomes more comfortable. His energy remains a steady mid level and is not easily escalated, making him a calm and manageable companion. While he is not a strong candidate for service or therapy work at this time, he is still a well-balanced, affectionate puppy that will do very well in most homes.

Ester x Bud — Parent Overview

Ester is an easygoing and wonderfully tolerant momma. She is affectionate, gentle, and a true cuddle bug of a retriever, happiest when she's convinced she's a lap dog (even if her size says otherwise). Ester brings a calm, loving presence and a deep appreciation for connection to this pairing.

Breed: English Retriever

Weight: 81lbs

Bud is a sweet, goofy, and slightly reserved boy. He may take a moment to warm up to new people and environments, but once he does, he reveals himself to be a loyal, intelligent, affectionate, and highly engaging companion. His thoughtful nature adds depth and sensitivity to his personality.

Breed: Moyen Poodle

Weight: 42lbs

Together, Ester and Bud are expected to produce puppies that are sweet, affectionate, easygoing, and well-balanced. We anticipate intelligent, engaging puppies with strong motivation for interaction and mid-level energy. This litter should transition beautifully into most home environments, especially those looking for a gentle, connected companion.
