

Meet The Parents

Ester x Bud — Parent Overview

Ester is an easygoing and wonderfully tolerant momma. She is affectionate, gentle, and a true cuddle bug of a retriever, happiest when she's convinced she's a lap dog (even if her size says otherwise). Ester brings a calm, loving presence and a deep appreciation for connection to this pairing.

Breed: English Retriever

Weight: 81lbs

Bud is a sweet, goofy, and slightly reserved boy. He may take a moment to warm up to new people and environments, but once he does, he reveals himself to be a loyal, intelligent, affectionate, and highly engaging companion. His thoughtful nature adds depth and sensitivity to his personality.

Breed: Moyen Poodle

Weight: 42lbs

Together, Ester and Bud are expected to produce puppies that are sweet, affectionate, easygoing, and well-balanced. We anticipate intelligent, engaging puppies with strong motivation for interaction and mid-level energy. This litter should transition beautifully into most home environments, especially those looking for a gentle, connected companion.
