## Lemon x Bruno — Parent Overview

**Lemon** is a sweet, affectionate, bubbly, and playful mom with a wonderfully goofy demeanor. She loves to smile and has a larger-than-life personality, often showing her affection in hilarious ways (including sneaking in kisses when you least expect it). Lemon is truly a fun-loving dog through and through, bringing joy and energy to every interaction.

**Breed:** F1 Goldendoodle

**Weight:** 56lbs

**Bruno** offers a more composed and balanced counterpart. He is outgoing, sweet, and gentle, with an easygoing nature that allows him to enjoy just about anything without ever being overbearing. Bruno approaches the world with calm affection and steady engagement, making him a very grounding presence.

**Breed:** Standard Poodle

**Weight:** 68lbs

**Together**, Lemon and Bruno are expected to produce puppies that blend these traits beautifully—fun, affectionate, and highly people-oriented, with Bruno helping to soften and balance Lemon's exuberance. We anticipate sweet, engaging puppies with mid to moderate energy levels and strong attachment to their people, making them wonderful fits for homes that are ready to meet them with plenty of connection and interaction.
